

## USA DRIVING EXPERIENCES

*If you are planning on a trip to the USA then be sure to consider a stopover at Radical West USA which has it's own track and accommodation facilities at Spring Mountain near Pahrump, 45-minutes outside of Las Vegas.*

*The resort like facility houses about 75 Radicals in a country club styled development and the on-site facilities are something to be seen to be believed. A new fleet of school cars are on hand for hire. And if you want something beyond Radical they have a fleet of Corvettes with a tuition programme to get the experience broadened.*

*Skip Barber courses are available throughout the USA and we recommend the Laguna Seca track in Santa Monica, California.*

*Toby Withers from Travelplan Ski Holidays can sort out your next ski holiday and Maeve Ryan can arrange details for the driving part of your next family holiday.*

## 2012 RADICAL MODELS

The batch of 9 new 2012 SR3 CUP cars are now under manufacture and are due to arrive in Australia mid-January.

The recently released SR3 SL road model underwent modifications to gain further FIA safety approvals and those now flow through into the new 2012 models with a slightly higher roll hoop and dash cowling. A new nose with modified light wells and dive planes will distinguish the new cars from existing Radical models.

If you would like to know more about the new cars then check out the website or contact Alan Robson: 0419 299 627 or [alan@radicalaustralia.com.au](mailto:alan@radicalaustralia.com.au)
